ADVENTURE RIVER

220 m / 720 ft of fast paced water fun

Guests enjoy scenery and themed sculptures as they travel around the park on this adventure river entertained by the motion of the waves and changing pace of the water.

LAZY RIVER

335 m / 1100 ft of meandering water delight

This lazy river winds throughout the park with themed sculptures, water features and surprises along the way. The leisurely pace and more shallow depth make this a perfect option for relaxation and fun for our youngest guests.

SOAK SUMMIT MAIN TOWER

Over 700 m / 2300 ft of slides

Soak Summit is an 18 metre high tower with the most amazing and exhilarating views of the park. Featuring multiple levels and the most thrilling water slides including:

The Big Plunge - Single rider body slide

Not for the faint of heart! This horizontal looping thrill starts with a trapdoor free fall drop then races riders around the horizontal loop all while nervous guests look on.

Riptide Rush - Single rider body slide

An adrenaline rush from start to finish. Anticipation builds as guests go through Riptide Rush's enclosed entrance before it opens and drops straight down. Visible from a distance, guests will want to stop and watch brave riders test their mettle.

Tubular Twist - Single rider body slide

Thrilling twists and turns. One of our fastest rides, guests will zoom through steep slopes.

Gnarly Half-pipe - Double rider tube slide

Totally tubular! As rafts climb high, experience exciting back-and-forth downstream velocity throughout this enclosed slide.

Swirl n' Whirl - Double rider tube slide

Spin and splash through close corners and high-banking turns. Riders will zigzag through this tight coiling slide as they descend into fast, near-vertical oscillations.

Bowl Blaster - Double rider tube slide

Get bowled over. Thrill-seekers are launched into the large, cavernous bowl where centrifugal forces keep riders high on the wall for several rotations. Eagerly awaiting guests can watch riders circle below, building anticipation for their own future fun.

Rad Racers - Mat racers

Ready, set, race! This side-by-side, multi-lane mat racer water slide lets riders compete head-to-head in a rad race to the finish line.

PAW PATROL ADVENTURE BAY

Splashing about in water, surrounded by your favorite PAW Patrol friends has never been so fun. Our multi-level play structures offer exploratory paths up and fun slides down and are packed with interactive water features such as water cannons, sprayers and a tipping bucket with 60 liters of water fun. A platform for imaginative journeys and making new friends, this area will entertain children and their accompanying adults, without a queue line in sight.

Big rescues call for an even bigger tower, and this one is no exception measuring over 11 m / 35 ft in height. "These slides are pint-sized versions of the larger slides at Soak Summit":

- Hero Half Pipe – inner tube slide
- Pups Away – inner tube slide
- Rescue Racers - mini body slides
- Puppy Plunge - mini body slides

BIKINI BOTTOM BEACH

Hosted by SpongeBob SquarePants and his friends, this multileveled water playground (located in the heart of Aqua Nick) features non-stop action with slides and interactive hands-on fun for the whole family.
